The company is formed by more than 60 permanent employees, counting with engineers, technicians, supervisors and qualified workers. Being able to offer the listed services between others:

- Early project, management and execution of marine and metallurgical jobs.
- Vessels construction, reparation and transformation.
- Tanks construction under different rules or standards.
- Mounting, industrial maintenance and piping.
- Welding procedures development.
- Ferrous and non-ferrous welding.
- Light and heavy machining.

FACILITIES

FACILITIES AND EQUIPMENT

Our main facilities in Buenos Aires and Mar del Plata are formed by more than 2,000 m² of workshops and offices. Including 2 metallurgical workshops completely equipped for different tasks (CNC pantograph, TIG/MIG/SAW welders, bending machine, hydraulic press, etc.) and the machining workshop equipped for either heavy or light jobs.

All of our workshops are equipped with bridge cranes with a capacity of 5 tons each.

In addition we form part of PUERTO MARTINS SHIPYARD Partnership, located in the city of Ramallo, Buenos Aires.

The shipyard facilities are formed by private docks, a floating dry dock and two dry dock areas of more than 30,000 m².
